UNI-COM FOUNDATION is a non-profit, non denominational corporation, serving in the fields of Parapsychology and Metaphysics, formed primarily to serve at the request of groups, individuals, and churches who desire greater effectiveness. We seek to act as a resource center and to be a bridge between groups. The goal is to be a servant-organism in the fulfillment of the master plan for this world. We know of teachers and speakers who are available for whatever service they can render in counseling, speaking, teaching, research, seminars and retreats. UNI-COM FOUNDATION does not solicit funds, but is supported by those who see the value of the work we are doing and voluntarily wish to become a sustaining part of it. There are no specific financial requirements placed on the local groups for our service.

UNI-COM Foundation

California is alive with activity in parapsychology, metaphysics and other significant areas of human growth potential. Uni-Com Foundation directly supports this activity by serving as its information hub.

The major service which the Foundation now provides is UNI-COM GUIDE, a **monthly** calendar of spiritual and personal awareness activities scheduled throughout California. This popular publication allows "new age" organizations to announce in advance the dates and contents of their meetings to a large and interested audience of individuals and other organizations. The cost of publishing UNI-COM GUIDE is supported by paid advertising and by modest subscription fees of \$3/year, or \$5/two years.

In the process of gathering information for UNI-COM GUIDE, the Foundation becomes aware of leaders who are available for service in counseling, speaking, teaching, research, seminars and retreats. Frequently this awareness, discreetly coupled to organization needs for such talent, results in effective new relationships. Uni-Com Foundation does not solicit funds for this and other informal services but is supported by those who see the value of such work and voluntarily wish to become a sustaining part of it.

Uni-Com Foundation is a non-profit and non-denominational corporation which lovingly encourages the achievement of a loving society. Uni-Com also offers two additional services of a mail order book catalogue and a small monthly pamphlet of articles by Metaphysical teachers.

OUR GUEST

Leonard Worthington

We have learned that every thought finds materialization through each cell of our body. The attention impresses the thought on the cell - which accepts the idea and in its spinning process - acts like a magnet to draw to itself from the cosmos other cells and atoms to bring about the desired change. Thought also touches and moulds a cell like the hands of a sculptor who selects the clay and works it with his hands into the form that he seeks. Weak cells are swallowed up by stronger cells - even as electrons are pulled away from an atom by an adjacent atom having a stronger nucleus. As our thought is impregnated in the nucleus of the cells of our body it creates a specific type of magnetic power specially designed to attract to it the nature and ingredients required to fulfill the goal of the thought form.

When we have faith and confidence in our prayer or affirmation the very cell structure and nucleus of every atom in our body are fortified with this power of expectancy and they then reach out into the cosmos to magnetically attract to themselves and to us everything required to achieve the intent and objective of the specified goal. This is an infallible law and must come to pass. The greater the conviction and desire which we put behind our commands and prayers the more rapidly and surely they will come to fruition. The knowing by us of our Christ presence and putting it in absolute command of every situation is the most powerful method we can employ. Jesus always spoke with conviction and with full authority of the God within. There was never any hesitation or doubt in his assertions. He knew that the word - His word - would go forth and accomplish what he decreed and would never return to him void.

He was not a name dropper nor did he rely on any other person for his authority. He never said that Moses or Elijah or anyone else told him to do these things. He never quoted from any prophet or King - but only from the authority of the God within which has all knowledge, power, wisdom, and is the source of all life. As he became ONE with this SOURCE his words became one with the desired RESULTS and He succeeded where others failed.

This is our heritage. It was also his promise to us. It is effective and it works. As we trust in this power - completely - absolutely and confidently we will experience the more abundant life which the scriptures promise and we will discover that on occasions we can really do "these and even greater things" not only for ourselves but for the benefit of every person who crosses our path.

FROM THE DIRECTOR

OUR TREE OF LIFE

We chose as our tree this month a beautifully full tree, selected not for its species, but for its beauty, for its communication with man. Symbolic of the Universal Communication for which the Uni-Com Guide stands.

Rather than trying to depict the symbolic tree of life as known in the Tarot and in religious fields, we looked for a tree representative of what man should become. A tree of splendor, a universal tree. One that we could look at and enjoy, to us symbolic of the nature of the whole man. That one person that we are all striving to become. Something that we can try and attain to. A symbol of the learning and growth that each one has the opportunity to experience in this life time.

As we grow spiritually by learning to avoid emotional entanglements, realizing our hopes and dreams, being able to blend the practical with the ideal, and to accept our responsibilities with grace and ease. To be able to build our temple to become a perfect tree. These are but a few of the things that we as universally minded students have the opportunity to express and learn.

The groups that we work with are also representative of the Universal Tree of Life. Blending and harmonizing the branches together to make a whole beautiful tree. Each group to be represented by a leaf on the tree. And the beauty of the tree will depend on the beauty of each group that becomes a leaf. Growing and working together in universal harmony. To present to the world a sight to behold. One of splendor, one that each individual person will want to become a part of. Symbolic it may be, but yet true to life. Let's each strive to bring our own tree into full bloom, and also to work along with the groups that we belong to to make a large tall, full tree, one that all will want to see. A tree that can be symbolic of our way of life. Bearing the fruits of our efforts at one-ment with all. A Universal Tree of Group and human communication.

Patricia

TREES

I think that I shall never see
A poem lovely as a tree.
A tree whose hungry mouth is prest
Against the earth's sweet flowing breast;
A tree that looks at God all day,
And lifts her leafy arms to pray;
A tree that may in summer wear
A nest of robins in her hair;
Upon whose bosom snow has lain;
Who intimately lives with rain.
Poems are made by fools like me,
But only God can make a tree.

As we travel around this summer lets all make a pact that we will learn about a new teacher, a new group, a new friend. Patricia likes the song, "Let their be Peace", so lets join with her in starting on this path of joining together one with thy brother by gaining a new friend in another group. ICC'S Come Together, was just that, lots of fun.....Many Fairs are coming up in the now.Some people to get acquainted with, David Spangler, Leland Stewart, Joan Morton, Kingdon Brown, The Buttons, Don Thorington, just to name a few.....Send in any fall program material....we need to know of new groups too!.....Peace..... 24,000,000 bits
of information

Here is a book as complex and individual as you are. It's not light reading because it's your life, your astral biography, from the details of your inner feelings to your outermost ambitions.

Sun-Moon polarity, as the connection between conscious drives and unconscious feelings, is discussed at great length.

The ascending sign and its rulership position is interpreted as your personality, as your approach to life. Each house of the zodiac is described in terms of planets, rulerships and aspects.

This is not a vague report based on generalities. From your exact time, day, year and place of birth our IBM 370-155 sorts out 24,000,000 bits of astrological information. The result is a 12,000 word personal biography revealing secrets that even your closest friends would not dare talk about.

How is this possible? An astrologer does basically the same thing, but it takes longer and costs more. The computer is simply a memory bank. Only the information that applies to you and only you is drawn from the bank.

All this is yours for only \$10. It's the best buy there is in computerized horoscopes. Plus a money back guarantee if your Astral Portrait isn't what you expected.

Think of it as a reference book, to be studied from time to time. We've got the best available, anywhere, at anytime... and at any price.

The divine must always be put to the test and applied
When someone saves a person from drowning, both of
them go through an intense experience. But the one
feels one thing, while the other, another thing. Both
must thank God.

They practiced a common system . . .
and moved the known world!

The secret science of the masters has been
re-discovered and offers you self-development
far greater than thought possible centuries ago.

JESUS

BUDDHA

VIRACocha

Jesus of Nazareth probably the world's first nuclear scientist, practiced a secret system. Just what this secret science was has escaped the world's best thinkers for nearly 2,000 years. Now it has been rediscovered in its entirety. That this secret science was known to other world teachers has now been proven.

Guatama Buddha was a prince and lord of ancient India. Yet he wanted something better out of life. His search for the secrets of life is known to all those who have read of his fascinating quest. Today thousands of students apply techniques of meditation and believe they have found the all of Buddhism. This is not so.

Viracocha of Peru walked the Americas teaching the lost arts of self realization. He assumed many different guises and was known under various names. He taught man how to develop his latent potential, how to regenerate himself and live to great ages. With the coming of the Spaniards the secrets of his teachings perished.

Write today for information on this amazing, new discovery.

"WORDS" for JULY by the Master Kirpal Singh

"Satsang is the central theme of the sacred teachings, as it is during these precious moments when you are near the fountain-head of bliss and immortality, that you grasp the true import of the teachings and assimilate the rare virtues of godliness, by sitting in the charged atmosphere which is filled with His Loving Life-Impulses.... The very physical body is blessed when one sits in the Satsang."

The Art of The Cosmos

The Art of The Cosmos, is a beautiful experience of blending colors and images that touch a deep spiritual awakening within each student. Work is done with the hands, no brush or pallet, using techniques that have been developed over many years. When the hand comes in contact with color a very strange and wonderful feeling is in store for the student . . . Classes are usually conducted with a background of music. The student has the opportunity of learning self awareness, creativity and spiritual advancement through these techniques!
